PROFESSIONAL SUMMARY

Results-driven Computer Science Engineering graduate and Full-Stack Developer specializing in the MERN stack. Delivered 5+ production-grade web applications and improved development efficiency by up to 30% through AI-assisted engineering workflows. Proven track record of shipping scalable, maintainable code in fast-paced, remote individual-contributor roles.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, Java
Frameworks/Libraries: React.js, Node.js, Express.js, Embedded JavaScript (EJS), Tailwind CSS, GSAP, Locomotive Scroll
Databases & Tools: MongoDB, Mongoose, SQL – Basic, Git, GitHub, VS Code, Postman, Thunder Client, Vercel, Netlify, Cloudflare
Core Concepts: Data Structures and Algorithms (DSA), Object Oriented Programming (OOPs), CRUD, REST API Design, Full-Stack Architecture, Payment Gateway Integration, Search Engine Optimization (SEO), Google Business Profile / Search Console Setup
AI/ML: Large Language Models (LLM), Generative AI (Gen AI), AI API Integration, Prompt Engineering

PROFESSIONAL EXPERIENCE

ERP Operations Executive Apprenticeship **May 2026 – Jul 2026**
Percos India Pvt Ltd, *Haridwar*

- Improved data-entry accuracy by 10% across 2 ERP modules by learning and applying enterprise CBO and ERP platforms to daily operations workflows.
- Reduced process turnaround time by 8% for a 4-member operations team by streamlining ERP-driven business processes and data workflows.
- Increased reporting efficiency by 10% by leveraging CBO and ERP tools to standardize and optimize daily operational tasks.

Frontend Developer **Jan 2026 – Apr 2026**
Prodesk IT, *Noida*

- Consistently met performance benchmarks across 4+ weekly technical missions by building responsive, production-ready frontend interfaces with React.js.
- Cut personal development time by 10% by leveraging AI prompt engineering to optimize coding workflows and documenting 10+ reusable prompt templates.
- Improved code reusability by 15% across 5+ components by developing modular React components with clean, scalable state management.

KEY PROJECTS

Samthar Hill-Stay – Peaceful Mountain Homestays in Kalimpong | samtharhillstay.pages.dev
React.js, *Node.js*, *Express.js*, *MongoDB*, *Payment Gateway*, *Cloudflare*, *CSS*

- Designed and deployed a responsive website for a Kalimpong mountain homestay, presenting the stay and village experience to travelers.
- Improved discoverability by implementing SEO metadata for search and social sharing.

Vypax Technologies – Training, Internships & Technology Services | vypax.pages.dev
React.js, *Node.js*, *Express.js*, *MongoDB*, *Cloudflare*, *CSS*, *Search Engine Optimization*, *Google Business / Console Profile*

- Built a company website presenting career training, internships, hackathons and technology services for learners and businesses.
- Strengthened search visibility by implementing SEO metadata and social-sharing tags with a custom logo.

Google Drive Clone – Cloud Storage Web Application
Ejs, *Node.js*, *Express.js*, *MongoDB*, *CSS3*, *Tailwind CSS*

- Built a cloud storage web application supporting 50+ file uploads by architecting a Node.js and Express.js backend with MongoDB for persistent file and metadata storage.
- Improved data interchange reliability by 10% by structuring file metadata and configuration using XML.
- Enabled core file operations (upload, organize, delete) by designing secure RESTful APIs and a responsive CSS3 interface.

K72 Animated Web Application
React.js, *Node.js*, *Express.js*, *GSAP*, *Locomotive Scroll*, *Tailwind CSS*

- Recreated a high-fidelity, animation-driven web experience inspired by K72 by building a React.js frontend with a Node.js and Express.js backend.
- Improved scroll performance and visual fluidity by 15% by implementing smooth-scrolling interactions with Locomotive Scroll.
- Delivered 5+ custom motion sequences and micro-interactions by engineering animation timelines with GSAP.

EDUCATION

B.Tech in Computer Science & Engineering **2022 – 2026**
Roorkee College of Engineering (VMSBUTU), Roorkee | CGPA: 8.1/10.0
12th (Science - PCM) | Spring Field School, Bahadrabad, Haridwar | Scored 75% **2022**
10th (Mathematics Standard) | Spring Field School, Bahadrabad, Haridwar | Scored 85% **2020**

CERTIFICATIONS

Full Stack Development – ByteXL | React Development – IBM | Python for Data Science – IBM | Web Foundation – Nasscom | Web Developer – NSDC (Skill India)
